Thanks for the quick reply, Ellen and Joanne!

I just received the powerpoint this morning, which I think was attached to my first email. I assume it's the same? Or at least similar enough.

They're presenting at LTCC at our 9/26 general meeting, although I definitely think it would be great if they can also present at LTBA to reach your constituents as well. I'm planning to attend their hearing on Tuesday - I'm a little concerned that they've been telling the city that they've done outreach in Little Tokyo, but no one has actually been presented to.

Valerie Sacks send us an email with a power point. I can forward to you. This might be helpful for the homeless on Omar.

Maybe they can come to the next LTBA Board meeting.

Hi all,

Did the Kuratas ever approach you all about this Master CUP application? And try to present in front of LTBA and LTBID?

Their hearing is on Tuesday, 10am, fyi. Attached is their powerpoint, and here is a link to their file: <http://www.dlanc.org/sites/dlancd7.localhost/files/420%20E%203rd.pdf>

Dear Kristin,

Attached please find a copy of the presentation requested. (This is the one we have been using in our meetings this past month: HCNC, LA Downtown Industrial District BID, LAPD, and DLANC). Also, the following link to the DLANC includes postings re this project: <http://www.dlanc.org/planning-and-land-use/meeting-905> that you may find helpful. If there is anything further, please contact Justin Ngyuen (email copied here as well).

Regarding your inquiry as to the Food Hall owners, we will own the Food Hall as well as one/two of the establishments within the Food Hall. This level of common ownership/control of the building and the food hall has not changed.

Finally, I have informed our development team to confirm with you directly regarding the 9.26 LTCC meeting at JANM. In addition to P Abe, J Okazaki also has been in contact with my husband directly regarding this project which is how we calendared attending and presenting an update at your 9.26 mtg.

We look forward to seeing you then.

Thank you,
Naomi
